

Rebates

EPA/CSA approved wood replacement:

\$1,250*

Pellet stove, propane appliance, or electric heat pump replacement:

\$2,500*

In addition to the above rebates, participants will receive a maximum of \$130/appliance for permit and inspection fees.

* rebates are to cover the cost of the appliance and any additional costs (installation, materials etc.) any costs above the maximum rebate listed are the responsibility of the participant.

Contest

Thanks to a partnership with Rocky Mountain Goat Media Inc., participants who choose to switch away from wood heat can enter into a draw to win back part of next year's heating bill!

Further details to come!

Store Discount

Valemount Home Hardware is offering a 10% discount on your first order of pellets to participants of the program that switch away from wood heat.

2020 Wood Stove Exchange Program

www.valemount.ca

REBATES UP TO \$2,630

Is your current appliance eligible for replacement?

Eligible Stoves:

- Homemade stove
- Barrel stove
- Free-standing non-Environmental Protection Agency (EPA/CSA) certified stove
- An “airtight” non-EPA-certified fireplace insert or tube-type heat exchanger with a face plate and door (like the ‘Free Heat Machine’ or Welenco) that is installed in an open-hearth fireplace
- A non-EPA/CSA-certified “wood furnace” (ducted, forced-air, home-heating appliance). This may only be replaced by an EPA-certified wood furnace or pellet furnace (includes add-on wood furnaces and wood/ electric combos)
- A wood-burning cook stove

How to Apply

Step 1:

Ensure your existing appliance is eligible for replacement. Please see the list of eligible appliances to the left.

Step 2:

Complete the application form found on the Village website at www.valemount.ca and return to the program coordinator with a photo of your existing appliance to be replaced.

Step 3:

Once approved, purchase your new appliance from the list of qualifying appliances to the right and have it installed in your home. Please note that the program will cover permit and inspection fees, additional to your rebate, to a maximum of \$130.

Step 4:

Destroy your old stove (Remove doors, destroy flue collar, remove firebrick) take photos, and deliver the body to the Public Works Yard.

Step 5:

Ensure your application form is complete and return to the Program Coordinator with photos of the newly installed appliance and destroyed appliance. Your rebate will then be mailed to you by cheque.

New stoves reduce smoke by 70% and use one third less wood!

What can I replace it with?

Eligible Replacements:

- A CSA/EPA-certified wood stove or pellet stove or an Enerchoice designated propane fueled stove or fireplace
- A CSA/EPA-certified wood insert or pellet insert, an Enerchoice designated propane fueled insert, or an electric insert
- A CSA/EPA-certified factory-built wood fireplace (This may only be accepted if it is replacing a non-EPA-certified wood stove or non-EPA-certified wood insert and not an existing factory-built fireplace)
- An electric heat pump that meets the criteria for BC's Home Renovation Rebate and Efficiency BC Program
- An EPA or CSA B415 certified wood or pellet furnace ONLY if it is replacing an existing uncertified wood-burning furnace
